### Act I: The Miami Sanctuary

Amidst the bustling metropolis of Miami, a young Cuban exile named Manuel Artime dreamt of a liberated Cuba. A charismatic and determined leader, he had escaped the clutches of Fidel Castro's communist regime and found refuge in the United States. Artime's unwavering belief in the cause of Cuban freedom fueled his clandestine operations against Castro's government.

### Act II: The Havana Connection

In the heart of Havana, under the watchful eye of Castro's secret police, a shadowy figure known as Rolando Cubela emerged. A former member of Castro's inner circle, Cubela had grown disillusioned with the regime's brutality and had secretly vowed to overthrow it. As a trusted confidant of Artime, Cubela provided invaluable intelligence and facilitated the flow of weapons and supplies to the Cuban resistance.

### Act III: The Washington Intrigue

Across the ocean, in the halls of the Pentagon, a high-ranking official named William Atwood took a vested interest in Artime's mission. A fervent anti-communist, Atwood believed that Artime's efforts could ultimately lead to the downfall of Castro's regime. Atwood secretly authorized the CIA to provide covert support to Artime, including training and weapons.

#### **Act IV: The Bay of Pigs Fiasco**

With Atwood's backing, Artime and his fellow exiles prepared for an audacious invasion of Cuba at the Bay of Pigs. However, the operation was doomed from the start. Castro had been tipped off about the impending attack, and his forces were lying in wait for the invading exiles. On April 17, 1961, the Bay of Pigs invasion was launched. But it quickly turned into a disastrous defeat, with hundreds of Artime's men killed or captured.

#### **Act V: The Deadly Aftermath**

The aftermath of the Bay of Pigs invasion was swift and brutal. In a desperate bid to eliminate any lingering threats from Artime and his supporters, Castro ordered a ruthless crackdown on suspected counterrevolutionaries. Rolando Cubela, Artime's trusted confidant, was among the first to fall victim to Castro's wrath. He was brutally tortured and killed in a Havana prison.

#### **Act VI: The Untimely Demise**

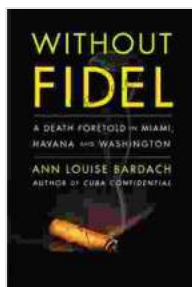

Manuel Artime, the mastermind behind the Bay of Pigs invasion, escaped the carnage but faced a different fate. Haunted by the failure of his mission and the loss of his comrades, Artime spiraled into depression. On January 25, 1973, he was found dead in his Miami home, an apparent suicide. The cause of his death remains a mystery to this day.
