Elasticsearch in Action is a comprehensive guide to Elasticsearch. It provides a thorough to the core concepts, features, and use cases of Elasticsearch. The book also includes advanced topics such as scaling, performance optimization, and machine learning.

Elasticsearch in Action is written by Matthew Lee Hinman, a leading expert on Elasticsearch. Hinman has been using Elasticsearch for over 10 years, and he has written extensively about the technology. He is also the creator of the popular Elasticsearch training course, Elasticsearch: The Complete Guide.

Elasticsearch in Action is a must-read for anyone who wants to learn more about Elasticsearch. The book is well-written and easy to follow, and it provides a wealth of information about Elasticsearch. I highly recommend it.
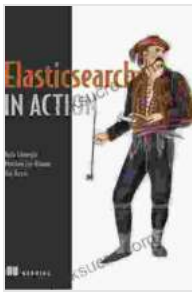

## Table of Contents

- Chapter 1: to Elasticsearch

- Chapter 2: Getting Started with Elasticsearch

- Chapter 3: Indexing and Searching

- Chapter 4: Aggregations and Analytics

- Chapter 5: Scaling Elasticsearch

- Chapter 6: Performance Optimization

- Chapter 7: Machine Learning with Elasticsearch

- Chapter 8: Advanced Topics

## About the Author

Matthew Lee Hinman is a leading expert on Elasticsearch. He has been using Elasticsearch for over 10 years, and he has written extensively about the technology. He is also the creator of the popular Elasticsearch training course, Elasticsearch: The Complete Guide.
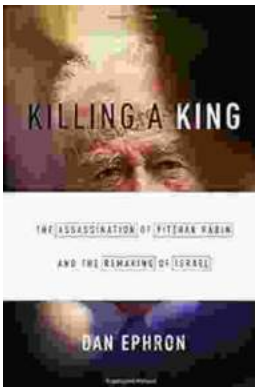

Hinman is passionate about helping others learn about Elasticsearch. He believes that Elasticsearch is a powerful tool that can be used to solve a wide variety of problems. He hopes that his book, Elasticsearch in Action, will help others to learn about Elasticsearch and to use it to its full potential.
