Through their eyes, we experience the Yukon's towering mountains, pristine lakes, and abundant wildlife. We meet the people who call this land home, from First Nations elders to modern-day homesteaders. And we learn about the Yukon's fascinating history, from the gold rush era to the present day.

The authors' journey begins in the historic city of Whitehorse, where they meet with local First Nations elders. From there, they travel north to the Dempster Highway, one of the most remote roads in the world. They drive through the Tombstone Mountains, a rugged and desolate landscape that is home to grizzly bears, wolves, and caribou.
